**We are thrilled to host an outstanding lineup of speakers who will both challenge and inspire us.** Among them is the incredible Inky Johnson, whose journey of perseverance and purpose will leave us motivated to continue pushing forward in our fields and to inspire our students to thrive.

On Sunday afternoon, we will celebrate excellence at the Chancellor's Awards Ceremony, recognizing the exceptional faculty and staff who make an impact on our campuses and in our communities. I encourage everyone to attend and stay for the reception immediately following the ceremony as we honor their achievements.

# CHANCELLOR BAKER

## Welcome to the 2025 Alabama Community College Association (ACCA) Conference!

Each year, the ACCA committee works diligently to provide attendees with enriching professional development and networking opportunities, making it one of my favorite events of the year. I can't think of a better theme for this year's conference than to tell "Our Story: Alabama's Success."

### What comes to your mind when you think about our story?

**The Alabama Community College System (ACCS) story is 60+ years strong.**

While it's always important to reflect on the past and how we got here, the success we are currently achieving as a system is a story you should all be proud to tell.

**We serve more than 182,000 individuals, leading to success you see through many of our institutions continuing to establish record enrollments.**

Our story is one that provides world-class, affordable training for students, fulfilling the growing workforce needs in Alabama. We are the premier workforce training entity in the state, producing your local machinists, medical assistants, nurses and welders or providing a successful foundation for students to transfer to a four-year institution. Those opportunities breed successful and life-altering stories.

**The ACCS Innovation Center's Skills for Success training has success engrained in its name and is also carving a niche in the state's footprint.** None of this momentum is possible without the dedication and positive impact that our faculty, staff and administration put forth every day. While there is a lot to be proud of, this story doesn't have an ending. **We must continue to work hard, adapt to change and embrace all challenges that arise.**

Once again, I'm thankful this conference is of utmost importance to you, and thank you for being a valuable member of the Alabama Community College System!

Warm regards!

**CHANCELLOR JIMMY H. BAKER**  
Alabama Community College System
